Re: Helping increase your revenue via recycling

Dear Marcia,

Thank you for the update, we cannot wait to get started.

We are happy with the details outlined in your response. As a Winnersh resident, I would be happy to come to the Parish Offices to discuss further or set up a phone conversation. As a goodwill gesture, I would be willing to put forward the current customers based in Winnersh to kick start the charity grant.

I look forward to hearing from you,

David Nice

Good afternoon David

Further to your email below, I apologise for the delay in responding to you.

The Council discussed your proposals at a recent meeting. It is supportive of the principle of your business as the local authority does not provide a doorstep glass collection, however it does not feel that it would be appropriate to enter into a 'partnership' with you.

However, the Council would be keen to trial an 'advertising agreement' for one year, whereby we would advertise your services on our website and social media channels without recommending or endorsing the service. This would be on the same basis of receiving 10% of the profits of anyone signing up within our area. This amount would not be retained by the Council but granted to one of the local charities that we support.

If this arrangement is acceptable to you, please let me know and I will take the matter to the next Council meeting for further discussion and final decision.

Best wishes

For the attention of the Clerk

Good Afternoon,

We would be grateful if you could bring the below consultation to the attention of your Council.

We would like to invite local councillors to take part in our latest consultation – [changes to the way we respond to Automatic Fire Alarm \(AFA\) notifications](#).

If councillors are also able to share with their networks of contacts within the county we would appreciate it as it will help us to get responses from as many people as possible.

The public consultation on the plans will run for 10 weeks from 4 March 2024 until 13 May 2024.

We will continue to send fire engines to automatic fire alarm notifications at higher risk buildings, where anyone sleeps, such as hotels, hospitals, care homes, houses, and flats.

Most importantly, we will continue to maintain our emergency response to 999 calls, confirmed fires and to automatic fire alarm notifications from residential homes.

To take part in the consultation:

- [Provide your feedback in our online survey](#)
- Email: Consultations@rbfrs.co.uk
- Call us on 0118 945 2888
- Write to us at: Newsham Court, Pincents Kiln, Calcot, Reading, Berkshire, RG31 7SD

The Service will also be holding online Q&A sessions as part of the consultation, which will take place online (on Microsoft Teams) on:

- 11 April 2024 between 12pm-1pm **or**
- 11 April 2024 between 7pm and 8pm.

People can register for the sessions, [by filling in our online form](#).

BALC Responds to Member Councils' Requests for Additional Training Support

Over the past few months, BALC has received numerous requests from member councils regarding funding for specialised training courses they are organising. These courses fall outside the scope of the typical training sessions facilitated by HALC for BALC members, which are already covered under the annual subscriptions of member councils.

Recognising the importance of supporting such initiatives, BALC has recently provided funding for a training course on Public Speaking, organised and conducted by Twyford Parish Council. To extend this support to all member councils, BALC has developed a set of procedures outlining the criteria for funding and an application form for councils seeking financial assistance for such courses. These resources can be accessed via the BALC website under the "Training" section.

It's important to note that funding requests will only be considered by the BALC Executive if they are submitted using the provided application form. We encourage all interested councils to review the guidelines and submit their applications accordingly to take advantage of this opportunity.

For more information and to access the application form and guidelines, please visit the BALC website's Training section.

We look forward to supporting our member councils in their efforts to provide valuable training opportunities.

Vicky Rieunier, BALC Executive Committee

*HALC Courses open to BALC members.

Please remember that as BALC members, training fees are included within your membership and paid for by BALC on your behalf, this includes attendance at Hampshire ALC courses.

However, please also note that under the [Terms and Conditions](#) of booking, if places are booked and the attendees do not turn up, or cancel within 14 days, the respective Councils will be charged. Where attendees are unable to attend, and this is notified in advance, delegates will be rebooked on a future course.

If you have any problems using the on-line booking system or need additional details on any of the courses, then please email training@hampshirealc.org.uk for assistance.

To ensure that you are provided with the training you need, we need you to feedback and let us know what training courses you want. Please email the BALC Executive at balcexec@balc.org.uk.

Councillor Networking – Auditing - 16th April 2024

A very successful Officers/Clerks session was held last week, and although a Hampshire venue, this Councillor Networking session is also open to Berkshire Councillors.

These relatively informal sessions are designed for information sharing and networking, with topical subjects introduced, usually by an expert speaker.

This particular event will focus on **Auditing**, aiming to improve Councillors understanding of their role within the audit process, as well as that of the External and Internal Auditors. Councillors will also come away with an understanding of the jargon used throughout the process, allowing them to have a better understanding to support and work with their Officers to complete the Council's annual financial responsibilities.

To find out more, and book a space, please visit our booking page [here](#).

HALC Annual Conference March 2024

Hampshire ALC are holding their Annual Conference on **Wednesday 20th March 2024** at the Solent Spa & Hotel in Whiteley, for the first time in five years.

The theme of the conference this is Partnerships in Action, with a range of workshops looking at how Local Councils can enhance services for, and interaction with, their local communities.

Whilst the conference is Hampshire focussed, BALC members are very welcome to attend, although please note that the delegate costs will be payable by your Council and are not included within your BALC membership.

The conference welcomes Cllr Rob Humby, the Leader of Hampshire County Council, to outline his vision for Hampshire 2050 and a representative from Hampshire's Youth Parliament, who will speak about Young Peoples Involvement in Democracy. There will be a plenary panel considering the future of local government and the position of parish and town councils, addressed by Professor Steven Griggs, and facilitated by our President, Rt Hon Professor John Denham. Together with optional workshops on community resilience; Civility and Respect Project with Jonathan Owen, Chief Executive of NALC; effective community engagement, and effective partnerships with the Hampshire & Isle of Wight Police & Crime Commissioner. All together it hopes to be an informative and thought provoking day.

For full details of the programme and to book your place, including refreshments and lunch [here](#).

3. CLERK/OFFICER UPDATES

CiLCA Training & Mentoring Programme

The CiLCA Training and Mentoring programme comprises four sessions which are held throughout the 12 months that you are registered to take CiLCA. For the 2024 candidates, sessions will be held on:

Session 1; Wednesday 27th March, 10.00am-3.00pm at Weybrook Park Golf Club, Basingstoke. Session 2; Wednesday 12th June, 9.30am to 1.00pm, online via Zoom. Session 3; Wednesday 25th September, 9.30 to 1.00pm, online via Zoom. Session 4; Wednesday 4th December, 9.30am to 1.00pm.

You must have completed the Introduction to CiLCA session before booking. Please contact admin@hampshirealc.org.uk for further details or to book your place.

Free Portrait of His Majesty The King for Town, Parish and Community Councils

To celebrate the new reign of His Majesty The King, the Cabinet Office announced a government funded voluntary scheme throughout the United Kingdom to allow public authorities to apply for a free, framed portrait. The deadline for all applications (including those public authorities that were covered in the first phase) is extended to 28th March 2024. You can view the image and apply for one free framed portrait per council using the link [here](#).

Please refer to the [FAQs](#) for any specific questions about the portrait and the scheme itself.

D-Day 80 Flag of Peace

The 80th Anniversary of the D-Day landings on 6th June is fast approaching. With this in mind, The National Association of Civic Officers (NACO) have developed a D-Day 80 Flag of Peace to be purchased and displayed in commemoration. The Flags come in various sizes with the largest being 5' x 3' at a cost of £28.80 including vat post and packaging, with the smallest being a 3' x 2' at a cost of £22.80 including vat post and packaging. The Flags can be purchased direct from Tracy Turner at Flags Limited.

4. MEMBER SERVICES UPDATE

Use of Personal emails

The use of council rather than personal emails for all council related correspondence is strongly advised. Not only does it protect the Council from potential security breaches, but it also ensures that you are not required to share any personal emails should you be subject to a Freedom of Information request. A Hampshire ALC Topic Note with further information can be found [here](#).

NALC has recently published a briefing on council email addresses and password security. The briefing specifically explores gov.uk domain names and why they are recommended, highlighting the benefits they bring to the professionalism of local councils. This information is especially relevant at a time when many organisations, whether small or large, face an increased risk of security breaches. The document has been developed with input from the Parish Council Domains Helper Service and outlines best practices for managing passwords and ensuring email security. The Key Topic Note referred to earlier has a link to applying for a gov.uk domain name.

Funding Opportunity

On 7 December 2023, the Department for Culture, Media, and Sport launched a £25.5 million funding package to help voluntary, community, and social enterprise (VCSE) organisations in England improve their energy efficiency. Eligible organisations are encouraged to apply for an independent energy assessment and capital grants to install energy efficiency measures. The scheme is open to frontline community organisations across England. Groundwork UK, which is delivering the scheme, is particularly keen to hear from small and medium organisations with significant concerns around energy which are directly supporting individuals and communities with critical needs, especially those related to the rising cost of living. Examples include:

- services that address poverty, including providing food, warmth, emergency supplies or personal grants.
- shelter, accommodation, and housing for those most in need.
- advice for people experiencing financial, housing or legal challenges.
- services that address specific physical and mental health issues.
- education, training and employment services that improve employability.
- community hubs or centres, out of which a number of these services operate.

Councils are encouraged to share this scheme with VCSE organisations in their area and organisations are encouraged to apply as soon as possible!

5. COMMUNICATION OPPORTUNITIES: SHARING YOUR STORY

Finchampstead Parish Council (FPC) are delighted to have been able to provide Gorse Ride Schools and Nine Mile Ride School with a grant from their CIL fund to help towards the enhancement of the playgrounds, creating a more enjoyable and enriched environment for the children.

The opening of the new KS2 outdoor play area at Nine Mile Ride School, on Monday 5th February, was attended by Cllr Simon Weeks. Also present were representatives of Wokingham United Charities and FoNMRS who jointly funded the project with FPC. The equipment at Gorse Ride School was installed during the February half term and their standout feature is a 'state of the art' climbing and activity frame on their playing field. They are also replacing the aging infant trim trail. A spacious canopy is going to be constructed off the back of a classroom providing an outdoor classroom and essential shade for the Junior playground. The generous support of the Finchampstead Parish Council has made this project a reality, together with the crucial role played by staff and governors. The FPC grants to these two schools follow a similar grant given to Finchampstead Primary School in 2023

As usual, we are keen to celebrate all the interesting things that you are all are involved in. Please get in touch if you have any information, you think would benefit your fellow Clerks and Councillors such as good news stories, achievements and local information and examples of best practice. Please send any items to balcexec@balc.org.

Don't forget, if you would like to advertise an employment or voluntary opportunity on the Hampshire ALC website, please download and complete the form found on our website [here](#). Please email completed forms to admin@hampshirealc.org.uk

Subject: Fwd: Fire Authority update

Please distribute to all councillors

As the three WBC reps on RBFRS Myself, Mike Smith and Pauline Helliard-Symons will be alternating writing this update.

Regards
Rachelle Shepherd-DuBey

RBFRS is building a new training centre using modular building which will be more sustainable and less disruptive to the firefighters and our response time to fires whilst it is being assembled compared to conventional building.

We will be adding 10 new fulltime fire fighters and a new group of apprentices. We will also be doing this by adding only £2.31 to the precepts.

We are adding new sustainability over the next few years to the fire stations by putting in solar panels, replacing conventional illumination to LEDs, and adding electric vehicle charging points for our new electric auxiliary vehicles used for safe and well visits.

We are converting crew quarters from dormitories to individual rooms with beds, private showers, and bathrooms to help with EDI recruitment and privacy.

We are also changing fire stations areas to clean and dirty areas so fire fighters will not be exposed to noxious chemicals from fires. This should help long-term firefighter health.
